End of School

As we approach the end of another school year, I wanted to take a moment to share with you a final newsletter before summer break. It's hard to believe how quickly time has flown by.

I encourage you to find the time to relax, recharge, and reconnect with friends and family. See you in September!

School Year Calendar

It's June and the end of the school year is near! But please mark your calendars - the first day of school for the 2023-2024 School Year will be Tuesday, September 5, 2023! For a full list of key dates for the upcoming school year, please visit the [TDSB's School Year Calendar web page](#).

Student Interest Programs

TDSB continues to expand the availability of student interest programs to satisfy the desire of our students to learn above and beyond the curriculum. The Board of Trustees have adopted a motion moved by myself and Trustee Patel to develop a plan to satisfy up to 90% of student demand in Student Interest Programs by the 2025 school year, contingent on viability.

With these changes, student interest programs at Ward 13's two secondary schools will be expanded. Georges Vanier Secondary School has increased the enrollment level of its STEM+ program from 45 students to over 80 students for the 2023 - 2024 school year, and A.Y. Jackson's Secondary School has begun a trial implementation of a Math, Science, and Technology focused local student interest program with the intention of expanding learnings from the trial to the rest of the TDSB system.

TDSB will also expand its Secondary Arts programs for the 2024-25 school year. Two new Central Student Interest Programs create new opportunities, making it easier for students to access arts programs across the city.

Located in the northwest and northeast of the city at Westview Centennial Secondary School and Woburn Collegiate Institute will host TDSB's newest Secondary Arts Programs. Each program will focus on various forms of arts that may include dance, visual arts, drama, film and music.

In the Fall of 2023, Grade 8 students can apply for Grade 9 entry in September 2024 through the online application process. Visit the [TDSB Beyond-8](#) Website and the [Secondary Central Student Interest Program](#) website for more information.

2023 TDSB Budget

Toronto District School Board (TDSB) Trustees approved a \$3.4 billion operating budget for the 2023-24 school year during a Special Board Meeting this evening. The budget meets the requirements set out in the TDSB's 3-year deficit recovery plan, as required by the Ministry of Education.

Guided by the [2023-24 Strategic Budget Drivers](#), the budget prioritizes investments in a number of key areas including, equitable access to learning opportunities, student and staff mental health, well-being and safety, and student success and engagement.

For more information on the TDSB's 2023-24 budget, please see the approved [Final 2023-24 Budget Estimates report](#).

Budget Ward Forum Updates

Parents of Ward 13 have also given directions through our Ward 13 Budget Ward Forum on June 8th to focus on the following aspects of the budget.

- Increase the funding for special education staff who directly support our students with exceptional needs
- Continue setting our students up for success in the future through the continued support of our student 1:1 device program, although with reduced spending
- Direct more funding to the education from students and reduce the deficit spending on continuing education for adults

I am pleased to announce that a motion was adopted by the board to begin working towards directions with a plan of implementation in the 2024 budget cycle.
